REQUEST THAT PAPERS BE ACCEPTED AND ACTION BE TAKEN

The undersigned respectfully requests that action be taken on the above-referenced case. This case was filed as a PCT application on August 26, 1998, claiming priority to US Provisional Application Serial Number 60/056,857, filed August 27, 1997. A Chapter II Demand was filed in the case on March 25, 1999, so that the deadline for entering the National Phase in the US was thirty (30) months from the priority date, or February 27, 2000. Due to an inadvertent error, Instructions to Commence the National Phase under 35 USC § 371 ("Instructions") were not filed by that date, and the application was unintentionally abandoned.

A Petition for Revival of an International Application Abandoned Unintentionally, including complete Instructions ("Petition for Revival"), was submitted under 37 CFR § 1,137(b) on March 28, 2000. A copy of that Petition for Revival, including a copy of a stamped return postcard indicating that the Petition for Revival was received in the US PTO on April 5, 2000, is enclosed herewith.

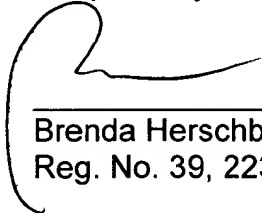

Applicant has not received any response to the Petition for Revival, and has received no indication that the present application is currently under examination. Applicant submitted a Status Inquiry on September 1, 2000, and placed telephone calls to the PCT Help Desk beginning on September 29, 2000. In a conversation with a PCT

Help Desk staff member on November 1, 2000, Applicant was instructed to file the present Request, including a copy of the Petition for Revival and stamped return postcard, and to request that the papers be accepted as a true copy of what was submitted on March 28, 2000.

Applicant hereby requests that the enclosed papers be accepted into the file as a true copy of the materials submitted on March 28, 2000. Applicant further requests that the application be accorded a Serial Number, and that examination of the application be initiated immediately.

It is the understanding of the undersigned that there are no fees associated with this matter. If this understanding is an error, please charge any fees to our Deposit Account No.03-1721.

Respectfully submitted,

Brenda Herschbach Jarrell, Ph.D.

STATEMENT UNDER 37 C.F.R. §1.137(b)(3)

The above-referenced International Patent Application became abandoned February 29, 2000, for failure to file Instructions to Commence the National Phase under 35 U.S.C. §371. The entire delay in filing the required Instructions, from the due date of February 28, 2000, until the filing of this Petition, was unintentional. As the responsible petitioner, I am in a position to know that such delay was unintentional. The Petition enclosed herewith is filed within two months of my becoming aware of the abandonment of the above referenced International Patent Application, and thus is considered prima facie timely under 37 C.F.R. §1.81(f).
